**\*Note:** Your profile cannot be edited once saved. Please ensure all information is accurate before submitting.

**\*Note:** The supporting document you upload will be verified by our team. Kindly upload a clear and valid proof of your organization.

**\*Note:** You will only be eligible to participate in the region you select during profile setup.

After your profile is successfully saved, you will be able to add students from your organization.

## STEP 5 If You are a SPOC Add Team Members

Once your profile is complete, proceed to add your team members through the Bug Bounty page in the Portal.

**Only students who have completed their registration and profile will become eligible to be added as a team member by the SPOC.**

**Students must complete their registration by following the same process as the SPOC - register an account, verify their email, set a password, and enter the OTP to finalise registration.**

**\*Note:** All team members must complete their individual User profiles before they can be added by the SPOC. Please note that students whose profiles are incomplete will not be eligible to be added as team members by the SPOC.

**\*Note:** Only students belonging to your registered organization can be added to your team.

**\*Note:** Team Size - Minimum 1 member and Maximum 5 members

The screenshot shows the 'SPOC DASHBOARD' for 'Manage Your Bug Bounty Teams'. At the top, it displays statistics: 1 TEAMS, 0 MEMBERS, and 3 MAX. Below this, there is a 'Create New Team' section with a text input field for 'Enter team name...' and a '+ Create Team' button. A note indicates 'Next team reference code: CACT0002'. Below the creation section, a team named 'SRM - Techs' is listed with a team reference code '# CACT0001' and a status of '0/5'. A message states 'No members added yet.'. There are two tabs: 'By Name / Email' (selected) and 'By College Code'. A search input field contains the name 'mary' and a '+ Add' button. At the bottom, there is a brown banner with the text 'PREREQUISITES — BEFORE ADDING MEMBERS' and a dropdown arrow.

## **STEP 6** Student Registration & Profile Completion

If you are a student, complete the registration process as outlined in the steps above. Once registered, log in to the portal and navigate to your profile page to provide the following details:

- Gender
- Date of Birth
- Community

Next, select the programme you wish to participate in (e.g., Bug Bounty). Under the User Type field, select your role as Student and fill in the following additional details:

Institution Name

Organisation Code (automatically generated)

Supporting Document - Upload a valid proof such as a college ID or any other accepted institutional document.

Once all details are filled in, click Save Profile to complete your registration.

Your zone / region is automatically determined from your institution's registered SPOC. Select the correct organisation above to ensure your bug submissions are assigned to the right zone.

**\*Note:** Please ask your institution SPOC to add you to the Bug Bounty Team. Students cannot create a Bug Bounty team independently - your SPOC manages team formation for your institution.
